

Use as a labor saving device

Visualize with an easy system

Alert the security guard when a car stops in a no-parking area!

Implementation Merit

Before Implementing

When a car is parking in a no-parking area at a factory, the security guard has to deal with it.

After Implementing

When a vehicle has stopped in the no-parking area, an alarm goes off in the security guards room, causing action to remove the car and prevent hinderance of the obstacle.

Configuration/Application

Configuration

[Network Camera]

[Patlite]
NH Series

Application

Using the SOCKET communication function of a network camera and the execution of a "PHN Command", the network monitor Signal Tower can control the Signal Tower to make an alarm.
