

# Not just image recording. An unattended facility is protected with deterrents!

### Crime Prevention System Example

## Implementation Merit

### Before Implementing

Thefts occur continuously at unattended warehouses, etc. Using a signboard, such as "Surveillance Camera in Operation", etc., as a deterrent is not effective enough for crime prevention.

### After Implementing

Not only with a camera installation, but the revolving light with messages achieved to be a deterrent to the invader.

## Configuration/Application

### Configuration

[Network Camera]

[Patlite]

RT-100VF-R

### Application

The Voice Synthesized Revolving Light RT-VF has a loud sounding (Maximum: 105 dB) speaker integrated with a revolving light and can be controlled by the contact output function of the network camera.
