Visualize Amount of Liquid in the Tank!

Visualize tank status with minimal configuration

No PLC

Overflow is imminent...

Light color and number of segments change in correspondence with status.

*Electrodes, electrode holder, and floatless switches are not supplied.

Product Configuration

1. With minimal equipment configuration, the LA6 clearly displays the fluid levels. No need to utilize complicated PLC controls.

2. Tower-type display for clear visibility even from a distance.

3. The signal tower can be set up for both water supply and drainage. Easy set up from a computer.
